Posada

Please look after Mary, Joseph and Donkey as they travel round during Advent. They will need a sleepover in various homes as they go from place to place arriving in time for the Crib Service.

The overnight bag includes a lantern in which you may like to have a candle for a little while (please note safety cautions re standing the lantern on a surface and not leaving unattended) There are also some Nativity books to read/look at if you wish.

Some children think that real people and a real donkey are coming so please be clear in your explanations as you prepare for them to arrive!

Please make sure you deliver the set to the next person on the list in good time for them to be appreciated before bedtime. They like to rest on a window sill or shelf overnight rather than being tucked up in bed so they don't get too tired!
